

The Truth At Last

Issue No. 465

Surging National Debt Ignored By Congress

America Is Bankrupt

National Debt Rising At \$1 Million A Minute

The National Debt has hit \$9.13 trillion and will go over \$10 trillion by the time Bush leaves office. Its numbers open peoples' eyes - **\$10,000,000,000,000.00**. In 1989 the debt stood at \$2.7 trillion. When Bush took office, it was \$5.7 billion. The debt is rising at the rate of \$1.4 billion a day or **\$1 million a minute!**

The Iraq War has cost \$600 billion thus far. Nobel Prize-winning economist, Joseph Stiglitz says the war will eventually cost \$3 trillion. Bush originally said the war would cost from \$50 to \$60 billion. The deficit is rising at about \$400 billion a year.

Giveaways We Can't Afford

- 1) Taxpayers will receive from \$600 to \$1,200 in rebates in May.
- 2) Bush promised \$30 billion to fight AIDS in Africa over ten years. The democrats increased this to \$50 billion. No one dared to object out of fear of being labeled as "racist."
- 3) At a Washington Jewish dinner Bush announced an additional \$10 billion in foreign aid to Israel over ten years. Their "regular" aid is \$3.5 billion. (Israel is a rich nation.) The Jews attending gave Bush a standing ovation.

There is no surplus to pay for any of these giveaways!

Bush's budget for 2009 is a record breaking \$3.1 trillion. Again, this is \$400 billion short of expected revenue. He continues to argue for making the tax cuts for the rich permanent. Bush says that this top 5% of the population will spend more money and thus give the rest of us more jobs to service their needs. The late Sen. Huey Long said that such a policy was like feeding working people crumbs off the table of the rich. At some point we will have to "pay the piper" and our living standards will be reduced to Third World levels.

Americans Live Off The "Generosity" Of Red China

The U.S. Treasury sells "T-notes and bonds" to finance the National Debt. Communist China, our largest trade partner, holds \$4 trillion of our debt. If they begin to sell even a portion, it would cause our interest rates to skyrocket. This would be necessary to find others willing to buy our debt securities. This could lead to a depression. Few realize that many countries in the world have no national debt at all. None of the Arab countries have such debts. Both China and Japan have about \$2 trillion in cash surpluses. Also, our trade imbalance with Red China amounts to \$202 billion a year. As a result we have lost 1.3 million manufacturing jobs to China.

(It should be noted that not one of the major Presidential candidates has addressed the debt crisis nor the continued reckless deficit spending. What ever happened to "pay as you go"?)

What does \$10,000,000,000,000 in national debt mean to you?

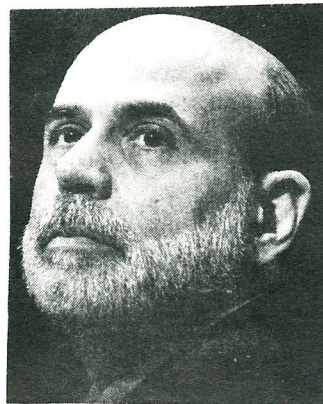

Washington

Like a ticking time bomb, the national debt is an explosion waiting to happen. It's expanding by about \$1.4 billion a day - or nearly \$1 million a minute.

What does that mean to you?

It means almost \$30,000 in debt for each man, woman, child and infant in the United States.

Even if you've escaped the recent housing and credit crunches and are coping with rising fuel prices, you may still be headed for economic misery, along with the rest of the country. That's because the government is fast straining resources needed to meet interest payments on the national debt, which stands at a mind-numbing \$9.13 trillion.

50 Billion Debt Held No Danger By Morgenthau

Total Would Exceed by \$5,000,000,000 the Present Limitation

By the Associated Press.

Secretary Morgenthau told a Congressional committee, it was learned yesterday, that the national debt would reach \$50,000,000,000 and could do so without danger to the country's financial structure.

Such a total would be \$5,000,000,000 in excess of the current limitation on the public debt and informed House members said that would necessitate raising the limit.

Morgenthau's statement, made to a House Appropriations subcommittee considering the Treasury-Post-office bill, was widely considered.

Federal Reserve Bank Has Little Government Oversight

Federal Reserve Bank Issues Taxpayers' Money To Bail Out Investment Banks

The New York Times of February 25th reported that the Federal Reserve Bank held \$800 billion. In bailing out high risk investment houses, such as Bear Stearns, their reserves are now down to only \$400 billion. This money is supposed to insure FDIC deposits of up to \$100,000 in savings which citizens have in local banks. To hold such insurance local banks pay fees to the Federal Reserve. The investment banks now being bailed out paid nothing for the insurance! However, they just happen to be owned by Jews. It is of note that the head of the Federal Reserve is also a Jew, Ben S. (Shalom) Bernanke. His predecessor was Alan Greenspan and earlier Arthur Burns - all Jews !

The Constitution states that the power to "coin and issue currency" shall lie within the U.S. government. Pres. Woodrow Wilson signed the Federal Reserve Act into law on December 23, 1913. While its chairman is appointed by the President, the 12 regional governors are elected by secret ballot by member banks in their district. These branch banks are located in New York, Boston, Philadelphia, Cleveland, Chicago, St. Louis, Richmond, Atlanta, Dallas, Minneapolis, Kansas City and San Francisco. If you live in one of these cities, look the Federal Reserve up in the phone book. It will not be found in the government agencies section but with private business.

History of The Federal Reserve Bank

The name "Federal" was deliberately chosen to deceive the public. All its board meetings in setting interest rates making loans, bailing out whomsoever they choose - are held in secret ! There are no Congressmen or news reporters there to ask questions or cover debates. There is even stock in the Federal Reserve. Local member banks hold "Class B" stock but those holding the controlling "Class A" stock are secret - WHY? At first the Fed could only issue loans to local banks but a 1935 bill lifted this restriction to permit loans to private business as they are doing today.

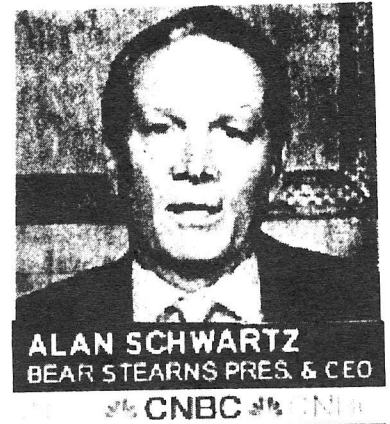

Jekyll Island, Ga., was the site of a secret meeting held in December, 1910. It was convened by the Jewish banker, Paul Warburg. He was a member of two international banks, Kuhn Loeb Co., and his father's W.W. Warburg Bank. To keep the gathering secret, Paul Warburg said it was a "duck hunt." Attending were H.P. Davison of J.P. Morgan Co., Frank Vanderlip of National City Bank, Charles Norton of First National Bank and other unnamed persons. Later, lobbying Congress for passage of the Federal Reserve Act were all the major Jewish banking houses including the Guggenheims, Seligmans, Jacob Schiff, the Warburgs, Bernard Baruch and Herbert Lehman. Paul Warburg said:

"Before its passage the New York bankers could only dominate the reserves of New York. Now we are able to dominate the bank reserves of the entire country. This is the Fourth of July for the banking industry."

In 1913 Pres. Wilson would name Paul Warburg as the first chairman of the Federal Reserve. In May 1918, he resigned and was replaced by fellow Jewish banker Albert Strauss of the international banking house of J. & W. Seligman. They specialized in financing revolutions in Cuba and South America.

James Dimon, (Diamond), CEO of JP Morgan-Chase, was given \$30 billion of our money by the Federal Reserve to buy-out Bear Stearns.

ALAN SCHWARTZ
BEAR STEARNS PRES. & CEO

Taxpayers Bail Out Bear Stearns For \$30 Billion

Bear Stearns is a huge Jewish investment bank with 7,000 employees. On March 10th a "run on the bank" developed with big investors pulling millions out of Bear Stearns. A huge part of their portfolio is in sub-prime loans to poor people who can't pay the money back. Bear Stearns CEO Alan Schwartz made an urgent call to JP Morgan-Chase CEO James Dimon, (Diamond, Jews often choose names of precious metals such as Mr. Gold, Mr. Silver, etc.) Within two days, March 13th, and 14th, they were able to secure a "loan" of \$30 billion from Federal Reserve's Bernard S. Bernanke. There was no vote on this giveaway. Remember the FDIC slogan is that they are backed by the "good faith" of the U.S. government, (meaning faith in us taxpayers!)

JP Morgan-Chase used the money to buy up Bear Stearns stock at \$10 a share when in January 2007 it traded at \$160 a share. Bernanke has "loaned" some \$370 billion to other high risk investment banks. Such reckless activity could actually bankrupt the government.

(Below by Dr. Adrian H. Krieg, noted historian.)

The enemy of man is greed; the name of greed is Zionist bankers. No, I'm in no way an anti-Semite, I am simply reporting the truth. The principal New York trading houses and large New York banks that are at the cusp of this calamity are almost exclusively run or owned, or both, by Jews. The men who implemented these policies are all Jews. This is the same thing they have done at different times to Spain, Germany, Holland, England and other countries.

The Missing Holocaust

"I've checked out Churchill's Second World War and the statement is quite correct - not a single mention of Nazi 'gas chambers,' a 'genocide' of the Jews, or of 'six million' Jewish victims of the war.

This is astonishing. How can it be explained?

Eisenhower's Crusade in Europe is a book of 559 pages; the six volumes of Churchill's Second World War total 4,448 pages; and de Gaulle's three-volume Mémoires de guerre is 2,054 pages. In this mass of writing, which altogether totals 7,061 pages (not including the introductory parts), published from 1948 to 1959, one will find no mention either of Nazi 'gas chambers,' a 'genocide' of the Jews, or of 'six million' Jewish victims of the war."

The Jews have been expelled from every country in Europe at various times, except from Poland, which was a divided and besieged country. The reasons for the expulsions were always the same - usury, (charging excessive interest on loans), coin-clipping, (cutting the edges off gold coins until they could be melted into gold bars), controlling the liquor business, inducing customers to buy on credit and seizure of Gentile property upon non-payment, cheating on weight scales then used to determine food prices. Most deadly of all was the practice of an extremist Orthodox sect who committed "Jewish Ritual Murder" of Christian children prior to Passover.

(Note: See our William Dudley Pelley newsletter on crimes to which Jews are predisposed.)

"Pogroms" Were Mini-holocauts

Due to non-stop holocaust propaganda most people do not know anything about "pogroms" of the past.

Due to Jewish exploitation of Christians from time to time they were attacked and run out of towns and entire countries. These were called "pogroms." That word did not sound dramatic enough so in 1964, for the first time, the term "holocaust" was concocted for the German expulsion of the Jews.

The power of "victimization" is often used by Jews. People feel sorry for the persecuted and this gives them great influence over the uninformed. Calling themselves "poor persecuted Jews" they have in reverse been the persecutors of many others, the Poles, Ukrainians and Palestinians as examples.

Leon Trotsky, (Bronstein), commander of the Red Army saw an opportunity to, "extend the Soviet Union's borders to the Rhine." The Jew Bela Kun had seized power in Hungary establishing a Soviet Republic. The German Communist Party had 150,000 members, the largest outside Russia.

Trotsky invaded Poland in 1919 to link up with those Reds. With the end of World War One the German army had evacuated Poland. However, within weeks, Polish Gen. Joseph Pilsudski had formed a unified army. In all the cities captured by Trotsky local Jews were made commissars in charge of the local inhabitants. On April 5, 1919, Major Luzynski's troops raided a secret Communist meeting in Pinsk. He met with resistance by a large mob of Jews. He seized 35 hostages and had them summarily executed as an example. This "pogrom" against Jews received international publicity. The Poles were condemned as "anti-Semitic." The Committee for American Relief sent a Lt. Foster to investigate. He found that Maj. Luzynski's action was justified under the circumstance. This received no international publicity!

In August, 1920, the Poles defeated the Soviet Army in a decisive, "Battle of the Vistula." A peace treaty was signed.

Henry Morgenthau, Sr., was a Jewish New York financier who owned numerous main street properties. He was chosen by Pres. Woodrow Wilson to head the Democratic Party finance committee. After the election, Wilson named Morgenthau as our Ambassador to Turkey on Sept. 4, 1913. The U.S. did not enter WW I until April, 1917, near its end.

Morgenthau Claimed Poles Killed Thousands Of Jews

During World War One the Axis powers were made up of Germany, Austria-Hungry and Turkey. Palestine was under Turkish rule and Morgenthau was chiefly interested in the welfare of the 75,000 Jews who lived there. A sea embargo was implemented against the Axis powers. However, Morgenthau was able to have a special exemption enacted for the Jews of Palestine. Ships carrying goods were permitted to reach them.

Large scale "pogroms" against Jews in Poland were reported by the New York Times on Oct. 31, 1919. Pres. Wilson named Morgenthau, Gen. Edgar Jadwin and Homer H. Johnson to travel to Poland and investigate. Morgenthau would say that tens-of-thousands of Jews had been killed. Jadwin and Johnson refused to sign Morgenthau's report and issued one of their own. It stated that they could find evidence of about 280 Jews being killed.

"Morgenthau Plan" To Destroy All German Industry

The son, Henry Morgenthau, Jr., was a next door neighbor of Franklin D. Roosevelt. After being elected President he named Morgenthau Secretary of the Treasury in 1935. He promoted military aid to Britain before the U.S. entered the war. His top aide, Harry Dexter White, (real Jewish name - Weiss), later revealed as a Soviet spy. Together they came up with "The Morgenthau Plan," to "set Germany back 100 years" by destroying their industry. It included cutting food rations to starvation levels. Morgenthau wanted to create a "pastoral state" with most Germans living on collective farms as Stalin had established in the Ukraine. This was supported by Roosevelt but after his death not fully implemented. German civilians suffered great deprivation until Morgenthau's plan was lifted in late 1946.

Even today, his son, Robert Morgenthau, now age 88, still holds great influence in New York City as District Attorney. He has held this position for nearly 30 years! He has long supported left-wing causes. The city's 1.5 million Jews hold the Morgenthau family in high esteem. Jews wield total control over New York, especially with Bloomberg as mayor.

Thousands Laid Off - No New Jobs Created

Job Losses Undermine Economy

True unemployment figures are masked. Of America's population of 300 million some 60 million either live in poverty or near-poverty. This is defined as a family of four earning between \$20,000 and \$40,000. More jobs feature stagnant or falling wages. Inflation is rampant and not accurately reported by the government. More and more people are working extra jobs with wives and mothers seeking work. People have no savings to fall back on and many are under crushing credit card debt.

The Jewish law firm of Cohen & Grigsby is offering classes on how firms can replace American workers with cheap foreigners entering on H-1b or L-1 visas.

Their marketing manager, Lawrence Lebowitz, admitted that they instruct clients on how to get around the requirement that they first try and find Americans for the jobs. They then claim that there is a shortage of Americans willing to do the work.

A recent study found that 40% of Duke University graduates in engineering can not find work. Engineering jobs are being "out sourced" to India and China. They pay a fraction of our wage levels. Colleges are preparing students for jobs which no longer exist. A recent U.S. News study listed some of the best careers for young people: firefighter, hairstylist, cosmetologist, locksmith, security guards and service jobs such as waitresses and bartenders.

Laid off workers are told they need retraining - for what?

An NBC News poll found that 58% of Americans believe that globalization is bad. Millions of jobs have been lost in the greedy, big business, world-wide search for cheap labor.

Big Three Auto Manufacturers Slash Wages

American auto workers' wages have averaged \$50,000. However, in the Third World, they earn \$5,000.

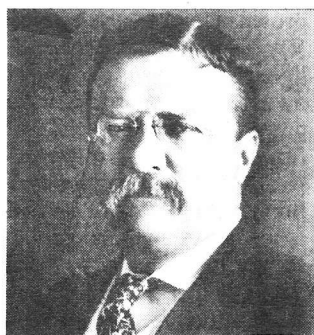

Korea's Kia Motors is building a huge plant in Troup County, Ga. They are to open in Nov. 2009 and are accepting job applications for 2,500 workers. Over 43,000 have applied.

The Wal-Mart recently announced the opening of a new store in Atlanta. Over 10,000 applied for the 250 jobs.

General Motors has cut nearly 40,000 jobs over the past two years through buyouts or early retirement. Now they have launched a new plan to release 74,000 workers whose average pay was \$28 an hour. Through a deal approved by the UAW president Ron Gettelfinger, (Jew), some 17,000 will be replaced by new workers earning the Japanese auto level rate of \$14 an hour. It is called the new, "Two-tier wage structure." General Motors calls them, "enhanced temporary workers.!" Thus, while some of the older workers keep their high paying jobs or receive generous buyouts, the younger workers of the future are being reduced to slave labor wages - slightly higher than Wal-Mart.

Ford has announced similar buyouts to 54,000 workers. Ford lost \$12.7 billion last year. Chrysler lost \$1.48 billion. Toyota reported record profits and sales.

Teddy Roosevelt: "High Tariffs - No Free Trade"

Teddy Roosevelt, Lincoln, Hamilton and Clay maintained that tariffs and duties are needed to protect our standard of living and American industry. At the 1884 Republican National Convention, Roosevelt stated: "anything approaching a free trade platform is certain to be defeated."

Free Trade was a hot political issue of the time. On Oct. 16, 1886, the GOP met to nominate a candidate for mayor of New York. Roosevelt told one and all that he would never be a "free trader." He won the nomination by acclamation.

For many decades "free trade" was an essential issue. Why is it that no national candidate for any office will oppose it and defend the rights of the American worker?

(News Reports of massive job losses)

Starting at the bottom

The Asheville metro area, the 11th District's largest, endured the loss of 460 jobs when Gerber Products closed its baby food plant in 1997; the layoff of 110 workers from Volvo Construction Equipment in 2001; the relocation in December of 313 jobs to Mexico by electrical switch manufacturer Square D; and the relocation in June of 400 jobs to Honduras by textile company Anvil Knitwear.

But for all the job losses, it's not unemployment that plagues the area, but underemployment - low wages that force many parents to work multiple jobs to provide for their children.

Vena Wyatt, 44, has lost manufacturing jobs four times.

"I had to start at the bottom every time," said Wyatt, who wishes she had more tax breaks. "You don't get no pay."

Today, she works two jobs, one of them as a housekeeper at an Asheville hospital. To keep up with the \$255 a month it takes to make the lot payment for their 1971 trailer, her husband also works double.

In Toledo, Ohio, a 100-year-old plant that makes plumbing fixtures is closing. Two hundred men and women who make \$19 an hour at the American Standard plant will be out on the streets.

In the same city, Johnson Controls, which made seats for the vehicles at the Jeep plant, lost its contract to a company in India.

The Ford stamping plant in Toledo's suburbs, where workers make fenders and dash panels, will close soon.

It is much the same throughout Ohio, which has lost over 200,000 manufacturing jobs since 2000.

Jewish Money-Changers Exploit Workers

"The Chicago Tribune" Will Fold

Real estate magnet, Sam Zell, recently sold his 590 office buildings of his Equity Office Properties to Steven Schwarzman's Blackstone Group, (so-called "private equity fund.") In January Zell borrowed \$13 billion to buy up the Chicago Tribune Co. Bonds were sold to speculators to finance the buy-out.

However, unknown to the public, is the fact that the victim of the takeover, The Chicago Tribune Co., is saddled with the debt and must pay it back with interest!

To suck as much blood out of the company its most valuable assets are sold off to the profit of the speculators.

Now get this: Sam Zell put up only \$315 million of his own money and designed the bonds so that he was repaid. In other words he got control of the Chicago Tribune Co. free of charge. This is the zenith of money changing! Not only that but Zell has formed a retirement plan called ESOP in which the Tribune employees' retirement money will be placed. He halted all other company contributions to other retirement plans. Thus, when the Chicago Tribune goes under - as it most certainly will - the employees will lose everything.

Note here where James Tierney of Newsday told employees that they faced a *"dire situation"* due to the debt payments and would have to cut 10% of their work force.

The Chicago Tribune Co., also owns the Los Angeles Times and The Baltimore Sun. Zell has announced that he will sell New York Newsday, The Chicago Cubs and Wrigley Field as they are profitable and he can wallow in more cash.

(Note: The Jewish Forward reported with glee that Chicago Jews were joking over Sam Zell's takeover of the Tribune. Its founder, Col. Robert McCormick, opposed U.S. entry into WW II and was thus considered anti-Semitic!)

Such money-changing "buy-outs" are costing thousands of Americans their jobs so that Jewish financiers can move up from being millionaires to billionaires. The problem could easily be solved if the Congress would simply pass a law requiring the take-over artists to pay back the borrowed billions and not the company and its employees!

(Zell creates worthless employee pension fund)

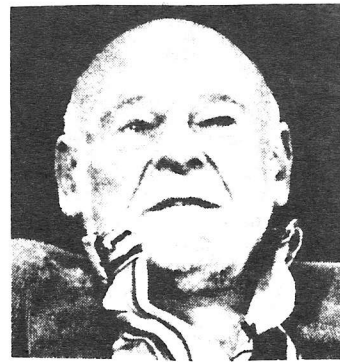

The people who have the most riding on the outcome — Tribune employees — have no say in the matter. The plan calls for the creation of an Employee Stock Ownership Plan, a type of benefit program that invests primarily in the employer company's stock. After the ESOP is formed here, it will buy the Tribune stock and become the sole owner of the Tribune Company; already, the company has halted contributions to most employees' retirement plans, money that will be used to help finance the ESOP. The employees were not consulted and will not control the ESOP created ostensibly in their names, and it will be many years before they control most of the stock.

at The Chicago Tribune. "There is a lot of uncertainty around here,

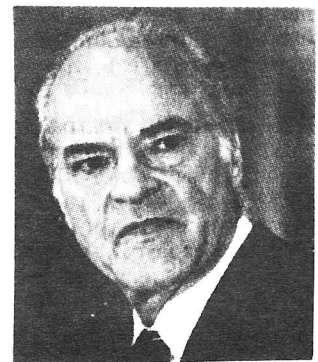

a little fear, and lots of questions that people aren't sure there are answers to." But if Tribune struggles and the stock price continues to fall, the employees will absorb the losses.

said Ken Doctor, senior news media analyst at the research firm Outsell. "And the more you sell assets like the Cubs or TV stations, the more you're left relying on the part of the business — newspapers — that's in the most trouble."

On Thursday, it was reported in Crain's New York Business that Mr. Zell has put Newsday, one of Tribune's more lucrative assets, on the auction block. In January, Mr. Tierney told unions at his papers that the company was confronting a "dire situation" and needed to cut expenses by 10 percent to meet debt payments.

Sam Zell, worth \$6 billion, with nothing better to do than gamble with employees' retirement funds!

Henry Kravis, worth \$5.5 billion has wrecked the lives of thousands of targeted companies' employees.

Numerous Jewish "corporate raiders" were convicted in the 1980s - 1990s of money-changing swindles. They stole multi-millions and received mere *"slap on the wrist"* prison sentences. With the assistance of the controlled media the term "corporate raiders" was changed to "private equity." Sounds much better, something like, "private enterprise."

Henry Kravis of Kohlberg, Kravis, Roberts & Co. in 1990 raised \$58 billion to buy 15 companies employing about 300,000 people. They bought Nabisco with junk bonds. This caused the Nabisco stock to fall resulting in thousands of employees being laid off.

Henry Kravis, a multi-millionaire, has impoverished thousands of Safeway Grocery chain employees. Kravis sold \$4.2 billion in bonds to buy-out Safeway. Including interest he saddled the company with \$5.8 billion in debt which the embattled Safeway company could not repay. The Kravis company made \$60 million *"taking Safeway private."* Henry Kravis has said; *"to turn a company around and squeeze out profits you must make it lean and mean."*

Kravis dismissed 9,000 Safeway employees and closed 260 stores. Stores with 60 workers were cut to 40 and average wages of \$12 an hour were cut to \$6.50. It was take it or leave it!

Suicides and impoverishment resulted! Two years later half those laid off were still unemployed. Bill Mayfield, Jr., a mechanic in the Safeway dairy, slashed his wrists and then shot himself in the stomach. Patricia Vasquez, a 14-year systems analyst and single mother of two, died of a heart attack the day after she was laid off. Richard Quigley, a transportation manager, came home and told his wife he no longer had a job. She had high blood pressure and died that weekend. James White, a Safeway trucker of 30 years in Dallas, told his wife he loved her. He then locked himself in the bathroom and took his .22-caliber hunting rifle and blew his brains out.

(Note these are just a few of the Safeway stories as reported in the Wall Street Journal of May 16, 1990.)

Time Magazine reports that there were 2,863 buy-outs Last year. Almost all orchestrated by Jewish money-changers. They care nothing about shattering the security and hopes for a better life of the average hard working Christian American. Money is their god. The corporate-raiders, who never produced anything of value in their lives, live in multi-million-dollar Manhattan apartments, build lavish estates in Connecticut and Long Island, commute to work in limos, seaplanes or helicopters.

Oppression Of Palestinians**

Israel's occupation of the West Bank and Gaza has continued for 40 years with no end in sight!

**THE JEWS HAVE ABSOLUTELY NO INTENTION OF
EVER GRANTING PALESTINIAN STATEHOOD !**

The Palestinians live under the worst oppression of any people in the world which equals Stalin's Gulag slave camps.

1) All Palestinians are required to carry Israeli issued photo ID cards. These are checked at 580 road-blocks scattered throughout the West Bank. Some 3,400 Palestinians returned home without proper ID. If caught at a check point without ID they are arrested and sent straight to one of the Israel's many concentration camps.

2) Any Palestinian can leave the country, some for education or medical care in Egypt. However, often they are not allowed to return to their homes without Israel's approval. Some 6,000 have been refused.

3) Any Israeli Palestinian who marries someone from the West Bank must move there. Any non-Jewish spouse is not allowed to move to Israel.

4) Only Jews are allowed to immigrate to Israel. Any non-Jew who leaves may not be allowed back in.

5) Israel is the only country in the world which refuses to define its borders. Despite both UN and U.S. orders, all large settlements are built only in the West Bank and not in Israel proper. They call this, "*establishing facts on the ground.*" In other words, stealing more land from the Palestinians.

6) Every day there are raids on homes or entire neighborhoods in which every male, ages 16 to 60, is arrested. Some are held without charge for weeks or years. There are some 12,000 Palestinians in Israeli concentration camps. About 300 are women and 36 are children as young as age 11.

7) Israel pulled out of Gaza due to their heroic resistance. However, Gaza is still a giant concentration camp. The Jews closed their single airport and sea port 40 years ago. Any plane or ship which tries to land will be shot down.

8) Presidential candidate Ralph Nader says that Palestinians are dying in the fighting at a rate of 300 Palestinians to 1 Jew. On March 10 Vice-Pres. Cheney said that the U.S. will always protect "*Israel's security.*" This is often repeated by politicians but as of today we have yet to hear one say anything about the "security" of the Palestinians???

As Americans, we have always stood up for the persecuted and downtrodden, (read that Palestinians). We have always opposed those who persecute and/or enslave other people, (read that Israeli Jews) !

DAN ISRAEL

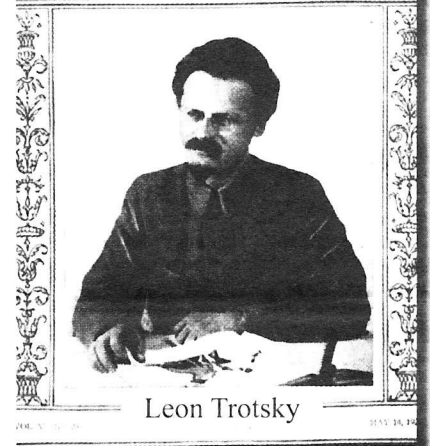

If a Jewish candidate ever intended to run for office as a Republican, he or she would face disdain, contempt and even not-so-veiled hostility. If that Jewish Republican candidate dared to oppose a Jewish Democratic incumbent,

he or she would be accused of being selfish, tearing apart the Jewish community, and, worst of all, being "disloyal" to the community. Something tells me that the same argument would not be applied if the roles were reversed and a Jewish Democrat challenged an incumbent Jewish Republican.

More important, can we truly have

moral authority in combating racism and anti-Semitism if we state that only an individual with left-leaning views properly represents the community?

he became people's commissar of defense (February, 1918). In this capacity Trotsky organized the Red Army and, as commander-in-chief, led the fighting in the many civil wars which followed in 1918 and thereafter. The New York *Herald Tribune*, in the article devoted to his memory after his death (August 22, 1940), wrote that his role as commander in the civil wars made him "one of the greatest Jewish generals of history." In 1920 to 1921 he was also people's commissar of transportation. From 1917 to 1927 Trotsky's name was intimately associated with that of Lenin as the prime leaders of the Russian Communist Revolution of October (Old Style), 1917.

His position, as second only to Lenin and as head of the Red Army, was very solid; but when, upon Lenin's death (1924), the struggle for succession began between him and Joseph Stalin, Trotsky was defeated, expelled from the Communist Party (December, 1927), exiled to Alma-Ata, a place on the Turkestan-Chinese frontier, and expelled from Soviet Russia (1929). Only Turkey agreed to receive him.

Remarkably gifted, a brilliant writer and orator, a formidable polemist, and a convinced Marxian, Trotsky fought all his life to bring about the world revolution. he remained faithful to the idea shared by almost all Jewish socialists, that "the final solution of the Jewish question would come only through the emancipation of all humanity by international socialism" (Jewish Telegraphic Agency, August 23, 1940).

"Holocaust Farmhouse" Finally Located

by David Irving

IN JANUARY 1995 the French news magazine *L'Express* reported that Auschwitz staff now admitted that the gas-chamber known as "Krema [Crematorium] I" (the one still shown to visitors) had in fact been erected in 1948 by Polish communists for the foreign tourists' benefit. Fred Leuchter had already demonstrated the deception in 1988.

In his January 2000 London libel action against the US history teacher Deborah Lipstadt, Mr Irving adopted the following positions – strongly differing from those of Germany's conformist historians: The real number of Jews dying in Auschwitz ("four million") had been exaggerated ten-fold; none whatever had been gassed in the big underground Kremas II and III; and key historical records had been faked.

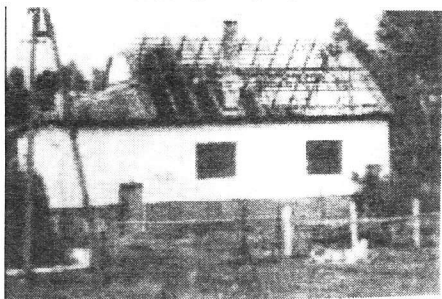

Now the cruel irony: That same month, May 2002, buried deep in

Dr. Fritjof Meyer

the leftist historian Dr Fritjof Meyer (left), a managing editor of *Der Spiegel* for 34 years (title: "The death-toll at Auschwitz. New facts from new archival finds.")

Says Meyer, in accord with Lipstadt's chief expert witness Prof. Robert Van Pelt: "The actual genocide probably took place outside the camp site, in two converted farmhouses." Moreover: The figures had been exaggerated – as recently as 1989 Auschwitz staff were threatened with instant dismissal if they expressed doubts about them. And: To cover up "discrepancies" the late Prof. Martin Broszat had rewritten and doctored vital sentences in the memoirs of executed camp commandant Rudolf Höss before his Institute of Contemporary History officially published them.

Investigators never found a gas chamber at Auschwitz. Thus the story was concocted that prisoners were marched out of the camp to two farm houses and gassed. One was destroyed but the other still stands today. It is pictured above. However, there is no gas machinery nor air-tight chambers. It is still a farmhouse long owned by the Stanislaw Czarnik family.

L.P. Beria, (Jew), head of Stalin's NKVD-KGB. In fact, he also armed Israel against the British.

Israel was never an ally of the U.S. during the "Cold War."

They always claimed "neutrality." Here Chaim Herzog stresses this point four years before the collapse of the Soviet Union!

Below: JTA, April 10, 1986

Herzog: 'Israel has no conflict with USSR'

JERUSALEM (JTA) — President Chaim Herzog opened a two-month intensive campaign on behalf of Soviet Jewry by declaring that "The State of Israel has no conflict with the

USSR and no hatred toward it."

"We are not enemies of the USSR," Herzog asserted. "We are eternally grateful for its decisive role in the defeat of Nazi Germany, for its support of the establishment of the State of Israel and its vital aid in supplying defense weapons to the Israel Defense Force at the height of the War of Independence, at a time of almost total embargo on the part of the West."

During Cold War Israel Never U.S. Ally

Stalin bankrolled and armed Israel after WW II. L.P. Beria, (Jew), was the head of Stalin's murderous NKGB-KGB. His son, Sergo Beria, in a biography of his father, on page 208, writes:

"*They, (Stalin & Beria), saw in this state, (Israel), a base from which to influence the world of Jewry, with all its financial resources, in the interest of the USSR... My father tried to help the Jews create their state with Stalin's approval. He succeeded in giving military aid to Israel. In return the Jews gave us information about the Arab world. I have met*

Israelis who received military training in the Soviet Union, certainly with Stalin's approval."

Note the article here in which Israeli President Chaim Herzog, on April 10, 1986, just four years before the fall of the Soviet Union still clearly proclaims Israel's neutrality.

Weisman expresses profound gratitude for Soviet arms during the 1948 massive land-grab war against the Palestinians. France, England and the U.S. had imposed an arms embargo.

Today's politicians never cease falsely proclaiming that, "*Israel is America's most loyal ally in the whole world!*" How many times have you heard this lie?

Israel Is A Marxist State - Here Are The Facts

- 1) The Israeli government owns the largest industries including armaments, chemicals, El-Al Airlines, etc.
- 2) There is no private property in Israel. You can only lease land to build on from either the Jewish Agency or Jewish National Fund.
- 3) There are no direct elections for any political office. They vote for a political party whose leaders choose the Prime Minister, parliament, mayors, etc.
- 4) Some 65% of all Jews work for either the national or local governments. This is the highest percentage in the world after that of the former Soviet Union.
- 5) Israel maintains a strict censorship over the media.
- 6) There are some 1 million Russian Jews in Israel who are non-religious. They are well organized and can outmaneuver other parties. Every single political or military leader has always been a Jew of Poland or Russian descent. These are the most pro-communist Jews whose fathers and grand-fathers supported Lenin, Trotsky and Stalin.

This is the second press run of Issue No. 465. Note on the front page where we report the National Debt for this year will be about \$400 billion. We have just learned that it has reached \$311 billion for the first six months of this fiscal year, (which begins in October).

Bush will give taxpayers from \$600 to \$1,200 for a total of \$161 billion. There is no surplus to pay for this giveaway! Thus, the new projected deficit for the second half of the year is \$462 billion for a total of \$773 billion for 2008.

This is a gigantic budget-busting deficit. America is bankrupt! Some

20 million are on food stamps with Michigan being the highest with 1 in 8 residents. Rhode Island had the biggest food stamp increase of 20%.

Average wages decreased over the past decade for the first time in 50 years. We have become a very poor nation thanks to the liberal politicians in Washington!

We are rapidly headed toward Third World living standards. This is the only publication which covers the economic crisis, out-sourcing of jobs and Jewish buy-outs resulting in massive layoffs.
